2014 AECA Service Project

Each year AECA partners with an outstanding provider of community service to children and families to support their important work. This year we are partnering with CASA (Court Appointed Special Advocates for Children). CASA is a court-based organization that advocates for abused and neglected children in the foster care system to ensure they have a voice in court proceedings.

We hope you will support their important work, through your generous donation of new soft toys. The children will appreciate your gift and we do, too!
