November 7, 2013

Dear Summer Feeding Program,

On behalf of DHS Health and Nutrition Unit, we thank you for your work to ensure that the children of Arkansas have access to nutritious meals over the summer months. The Summer Nutrition Programs are critical programs that can only reach kids because of people like you. To better serve you, our sponsors, and to help improve your experience working with us, we have partnered with the national organizations, Share Our Strength and the Food Research and Action Center, to launch a Summer Meals Sponsor Survey. Once tested, this survey will be used nationally to learn about the summer meals sponsor experience and how we can better serve kids across the country.

Please take 15 to 20 minutes to complete this survey to help us understand how you operate the programs, what about your experience has been effective or ineffective, and your plans for serving summer meals in the future. Please respond by November 15, 2013.

To begin the survey, visit www.summermealssurvey.org

Thank you again for completing this survey. We welcome any additional feedback or questions you have regarding your experience with the Summer Nutrition Programs that may have been missed.

Sincerely,

Buster
